Affordable Housing Forum

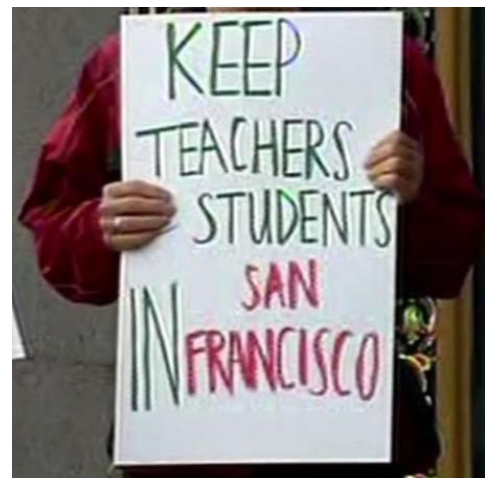

Thursday, May 11 from 1:00-2:30pm
CCSF Ocean Campus
Student Union Building, Student Lounge

As we prepare for our upcoming contract negotiations, a major issue for City College Faculty is the soaring cost of living in SF, especially the cost of housing. This forum will explore how the affordability crisis impacts educators, and ways to move forward to address it. Matt Hardy of the United Educators of San Francisco will explain how his union used their contract struggle to address teachers' housing, Maurice Goodman, Trustee at San Mateo Community College District, will outline SMCC's faculty and staff housing program, and Tony Kelly, president of the Potrero Hill Democratic Club, will explain how we can make sure San Francisco educators are able to live in the communities we serve.
