4. Bargaining Status report – we now have 4 fact-finding dates set for 5/27, 6/6, 7/6, 7/14. We are looking more deeply at what their 26% cut plan and scenario of spending less on faculty over the period between now and 2020. We need to highlight the potential for a downward spiral brought on by admin's stated strategy. We also see a deepening violation of the 50% law if they continue to follow this plan. We are currently meeting with district representatives to talk about finances and the various future projections and scenarios. At the board meeting on Thursday the Board members seemed that they had been deeply affected by the Strike.
5. Strike review - We had a huge turnout of faculty, students, labor and community that generated a lot of media coverage, including major media outlets. We had solidarity from SEIU and many other labor groups.
