Agenda

Minutes from Oct. meeting not presented. Joe to email Doug, who took the notes, for the minutes.

Cliff reported that he is sending old minutes to website and update soon.

At mention of website, Kim suggested that we might start doing some personal interest interviews of retiree activists since 2121 no longer has a regular printed publication and has dropped that aspect from the electronic communications that remain. Also raised, in context of discussion of meeting participation, possibility of getting some into meeting on speaker phone. Kim Lee will check on this possibility.

Discussed membership renewals. First letters sent out and will be followed by personal letter, then phone and email. 6 back so far. Not sure if Ann has sent in STRS signups to STRS yet.

Agreed to inquire about what would be involved in updating our membership brochure which is now out of date as to dues rate and also does not have STRS option on it.

E BD report by Berry, covered only 12/1/16 E. Bd meeting. Discussed ACCJC hearing in DC (now delayed until Feb.) and need for letters (see 2121 website or SaveCCSF site for formats and details. Golden Handshake negotiations updated, with 2121 holding to position that it must not lower the number or % or FT faculty. Compressed calendar negotiations are stalled because 2121 has strong objections to impact on some programs that have larger day and time requirements than this calendar would allow for. 2121 budget reviewed in preliminary draft for along with release time allotments. Discussion of real estate issues (Civic Center, [750 Eddy], Gough Street and reservoir). cuts resistance committee report and successful big action with many presenters at last BOT meeting. Also noted St Rep Jackie Spier forum on CCSF and ACCJC set for Rivera Theater on Mon. 11/28, 11 AM-12:30.

McKinney reported on DA and Membership meetings that there was nothing much to add.

Noted that end of semester party is 12/16/16 and our help is requested again. Pierre Coste Room.
Election discussed, included good local results and Shannell possible BOT President as highest vote-getter. Ron Bixler offered his house as a site for a post election pay off the campaign debt party. Will he contact Shannell?

Next meeting 12/14/16, noon, AFT 2121 office

Respectfully submitted,

Joe Berry, Sec.
