I'm excited to be part of the Union Power Slate. I have worked with many of the slate candidates not only within AFT2121, but in citywide campaigns supporting working class residents of SF and people of color. Before joining CCSF, as a community organizer I helped pass the CA Domestic Workers' Bill of Rights in 2013 & Free Muni for Youth in 2014. I am running to support the interests of educators, union members, & CCSF students. *¡Si se puede y palante siempre!*
