

Treasurer Statement

I'm running for the Treasurer position to ensure that our Union's finances are improved and to rectify concerns with the current financial system.

I will keep accurate financial records and provide timely financial information for our leadership and government agencies. I will work diligently to keep our finances transparent.

I have been a Union member for more than 30 years. I have served in different positions. I have been responsible for budget control in private and government entities. Teaching accounting has helped me obtain knowledge to be an excellent Treasurer.

I will appreciate your vote.

Hugo Aparicio, MBA
