

Li Lovett

I will be a strong advocate on the SF Labor Council for the needs of all workers.

With the economic crisis from COVID-19, our delegates will be championing CHEF as part of rebuilding City College and San Francisco' economy.

I'm up to the task; during the accreditation crisis, I led the media work at AFT 2121. We saved this beloved institution and made Free City a reality.

I was recently elected to DCCC to serve in the SF Democratic Party. As a Labor Council delegate, I will build support for City College as a force in lifting up our community.
