

**Mary Bravewoman**

Shaped by my 30 years of CCSF experience -- graduate, classified staff, faculty, Union's executive board, bargaining team, budget analyst and math representative -- I am a creation of City College. My deep roots have instilled in me a sense of responsibility to my students and colleagues. Change comes through action. Working in solidarity with the amazing Union Power Slate, I'm committed to continue the social justice work of our Union. As Vice-President of AFT2121, I will work for equity and faculty unity that will ensure a robust Union and a strong future for our College as we navigate these turbulent times.
