Nancy Pelosi  
Speaker of the United States House of Representatives  
San Francisco District Office  
90 7th Street  
Suite 2-800  
San Francisco, CA 94103

Dear Speaker Pelosi,

We thank you for standing up against Donald Trump and his racist wall. We know that he continues to push for the wall while still threatening another disastrous government shut down.

We urge you to continue to be strong in the face of these attacks on human rights and common decency. We urge you to continue to reject any funding for his racist wall and brutal immigration enforcement policies. You were right on target when you stated that the wall was immoral.

Our country has so many unmet human needs that urgently require increased funding. Our people need housing, health care and education. Our workers need raises and strong unions to make that happen. Our immigrants and undocumented workers need to be treated with dignity and respect. That means changing the discussion from border security to comprehensive immigration reform. We know that working together we can make happen

Continue to stand tall Speaker Pelosi, our nation is depending on you.

In Solidarity,

Jenny Worley  
President, AFT 2121
