

Candidate Statement—Susana Atwood, Retiree

While working as an internal auditor at the University of California, I taught evenings/weekends at City College. (Accounting and Auditing from 2001-2014)

I served as Precinct Delegate from Business 2012-2014, as well as participated on the AFT 2121 organizing and the part timers' committees. I have collected signatures for electoral initiatives (Millionaire's Tax, Schools and Communities First) and worked on many electoral campaigns endorsed by AFT 2121.

I am a Certified Public Account (retired) and believe my financial skills would assist me in representing you at the AFT Convention.

I love City College!
