

President - Tim Killikelly

I have been so honored to represent the faculty at CCSF for the last two years. Our local has moved forward on so many fronts to defend our college. We have led the fight against the ACCJC and although that struggle is not over we have been winning. Now we stand must together to stop the downsizing of CCSF and win a fair contract. Our union has shown tenacious persistence and unity despite the hardships we have endured. If we continue to do that together we can win!

Vice President - Jenny Worley

I'm proud to be a part of the AFT 2121 leadership team as we continue to build our contract campaign and grow our organizing work. I have served as Secretary and currently serve as Treasurer. I would be honored to fill the role of VP.

Secretary - Jessica Buchsbaum

I'm committed to continuing the organizing work that is the foundation of our collective strength. Together, building on faculty solidarity and deep community support, we have the power to win better wages and working conditions for faculty so that we can sustain our affordable, accessible, world-class City College of San Francisco for our students.

Treasurer - Alan D'Souza

I stand with students, faculty and community groups defending public education, building enrollment, and winning a fair contract. I appreciate your vote for me and each member of our Slate, as united we fight for the City College San Francisco deserves.

Slate Statement

As your current leadership team, we've worked hard to build power and fight for fair accreditation and a strong contract. We've done this with a focus on member organizing and community outreach, creating and nurturing connections with student groups, community groups, fellow labor unions and political leaders. At the same time, we've been working to

develop a cohesive rank-and-file leadership structure, bringing together faculty across departments and campuses to share ideas, information and the hard work of activating our membership so that we can win the struggles we face. We've accomplished so much, but there is much more work ahead.

Here are some accomplishments that our Union has achieved during our current term:

- ACCJC fight – We've been at the forefront of the battle that has the ACCJC on the defensive
- Organized powerful demonstrations, including Civil Disobedience at the CFT convention in support of full funding for public education and our contract fight.
- Built core precinct rep structure
- Increased membership from 70% to 84% (and counting)
- Mobilizing members for powerful action: highest turnout (by a large margin) in any union election, with 92% support for our strike
- Worked collaboratively with AFT and CFT to focus resources on our legal struggle and organizing work.

These are the goals we see as the most important for our Union to pursue over the next two years:

- Win a fair contract through a successful contract campaign
- Hold the BOT accountable to stop class cuts and rebuild enrollment
- Achieve 90% membership goal
- Fill precinct rep positions in all 40 precincts
- Continue to move towards a fair and accountable accreditation system
- Fund and pursue AFT 2121 vs. ACCJC lawsuit
- Support legislative work in San Francisco, Sacramento and Washington DC
 - Build and win the Free City campaign to make tuition at CCSF free for all San Francisco residents and workers
 - Extend Prop 30, state tax to fund public education

We would be honored to have your vote for another term.
