

Tim Killikelly

In recent years, everytime our Union moves forward we are greeted with a new crisis. But each crisis has also brought us victories. The ACCJC - we prevailed. Salaries slashed - contract victories. Mark Rocha - history. Each time our resolve, solidarity and planning won out. I am proud to be running with the Union Power slate whose experience will move the college forward. We support CCSF as a community, rather than a junior college. That is why we need CHEF (Community Higher Education Fund) for CCSF. Please vote for the Union Power slate for more victories ahead.
