ONE DAY, ALL DAY, ALL CAMPUSES

AFT
2121
AMERICAN FUTURE TEACHERS

CCSF faculty have fought alongside our community for the City College San Francisco deserves. We envision a college that cares for students and workers and provides growth opportunities for all.

CCSF administration:

- Plans to shrink class offerings by 26%
- Will lay off one quarter of faculty
- Takes money from classrooms and puts in in the bank
- Refuses to negotiate a fair faculty contract

We invite student, labor, and community allies to join us on the picket lines at our CCSF campuses throughout the City. Our one-day unfair labor practice strike will send a clear message: We stand united for the college San Francisco deserves. We urge you to stand with us.
